ORGANISATION

Artists are first selected by a **committee including Art specialists** and the board of the association. Criteria are originality, consistency and obvious quality of the Artist book. Then each wine-producer will choose the Artwork he/she appreciates the most. The results of this process will be communicated to the candidates before the end of **December 2017**. Each selected artist agrees to cover the cost of transporting and insuring himself/herself and his/her work. He/She decides his/her own prices: no percentage is taken by the association. Each artist will organize his paintings presentation and hanging with the help of his/her welcoming wine-producer. Each participating wine-producer agrees to provide free lodging for the artist and one accompanying person. Cost of hanging, presenting and lighting the artwork will be also covered by the wine-producer for the duration of the show. Both the artist and the wine-producer undertake to be present in the wine store during the public open hours. Additional information will be given later to the selected artists.

* Le Grand Prix de la FIAAC en Pouilly awards an artist who should be later invited to exhibit in Paris, at the Hôtel de l'industrie, place Saint-Germain des Prés
